KEY EQUIPMENT'S TOUR OF VACTOR'S NEW FACILITY EXPANSION

Report by Terri Rodina

Mike Vislay, Vice President of Key Equipment and Quality Rents, enjoyed a factory tour of VACTOR's new 100,000 square foot expansion in mid-April. He was able to view one of our customer's new VACTOR 2100i for its final testing before being delivered. The new state-of-the-art QAQC test facility features multiple bays for quality control and testing. The expansion project increases efficiency and capacity to keep up with the growing demand for VACTOR sewer cleaners and TRUVAC hydroexcavators. The VACTOR[®] manufacturing facility is located in Streator, Illinois.

ENVIROSIGHT SAT II DEMOS

BY TERRI RODINA

Key Equipment has been demonstrating an EnviroSight Rover X SAT II system in our region. This advanced lateral launcher offers the best in class speed, distance, pipe diameter, and strength. The standard two launcher cameras allow you to operate in large and small diameter laterals. Please contact your Key Equipment Territory Manager to schedule a demo!

Employee Spotlight
Erika Allen
Staff Accountant

Erika Allen has worked at Key Equipment & Supply Company for seven years. She began her career as an Accounts Payable Clerk and received her bachelor's degree in accounting in 2019. Promoted to Staff Accountant after graduation, Erika has many duties at Key Equipment and Quality Rents including entering vendor invoices, paying vendors, allocating credit cards, monthly reconciliations, monthly closing, daily cash receipts for all locations, and offers her assistance wherever needed in the Finance Department. Erika is the proud mother of one handsome boy and a cute, furry dog. She enjoys spending time with her son and taking him out to explore the town. Erika also enjoys hanging out with her friends, cooking and trying new recipes, and loves vacationing at the beach.
