

POWER THROUGH GREASE. CONQUER THE COLD.

Harben ET-180 Hot Water Trailer Jetter

► Hot Water. Expanded Performance.

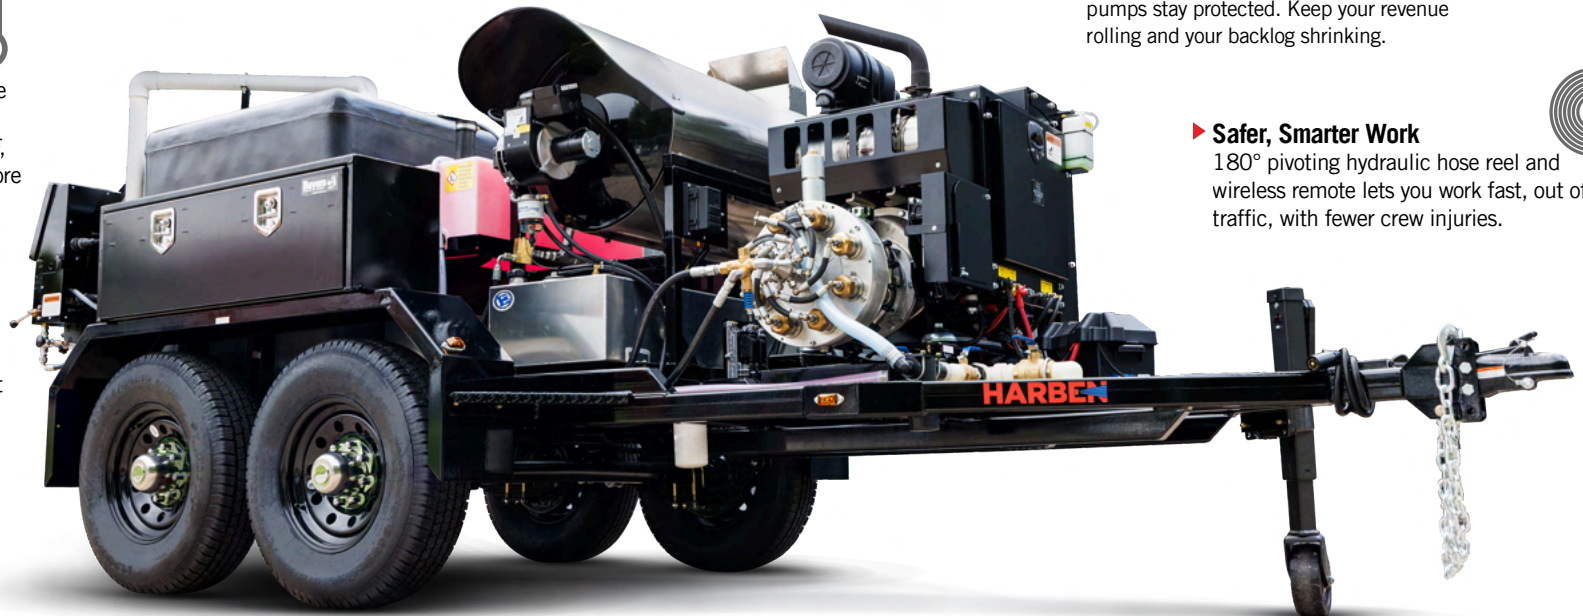

Can heat water up to +108°F above ambient, with a maximum limit of 160°F. With water heated to 140°F, you can take on tough jobs with more power and better results.

► Real Support, Nationwide

Hands-on help, honest answers, delivered straight from a team that stands behind every Harben out there—backed for two full years, and by a culture that says, “Harbens don’t quit. And neither do we.”

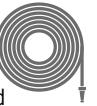

► More Jobs, Less Downtime

300-hour service intervals. No blown seals, pumps stay protected. Keep your revenue rolling and your backlog shrinking.

► Safer, Smarter Work

180° pivoting hydraulic hose reel and wireless remote lets you work fast, out of traffic, with fewer crew injuries.

BUILT TO OUTLAST. READY WHEN YOU ARE.

Harben ET-180 HW Jetter

Hot Water. Heavy Duty.
Built for the Toughest Jobs.

▶ Hot Water On-Demand

Tackle grease, sludge, and buildup with water heated up to 140 degrees. Switch easily between hot and cold jetting for maximum versatility across tough jobs.

▶ No-Excuse Reliability

Powered by a Kubota industrial diesel engine and Harben's run-dry radial piston diaphragm pump, with a gearbox-driven design and 300-hour maintenance intervals. Built to keep you working, not waiting.

▶ Made For the Long Haul

Built right here in the USA, covered by a tough-as-nails warranty, and supported by a team that answers the phone when you call.

"It's unstoppable! We've had our Harben jetter for 22 years, and it's unstoppable. The staff have offered great support every time."

— Matthew Zurn, Zurn Plumbing
